

**BC SRC 2017: Walk on the Wild Side!**

**Activity, Week 7: Tales of Nature**

*Prepared by: Meg Ross, TNRD Library System*

There are many stories about nature in British Columbia! Have you heard of the Ogoopogo? This sea serpent is supposed to live in Okanagan Lake. Or the Sasquatch? Also known as Bigfoot, this huge creature is said to roam the forests in BC. These kinds of stories are often called legends. The word legend can also refer to a person who is famous. Do you know any legends about the place you live in BC?

Use this handy guide below to record a legend or to write your own! Turn this page over to draw a picture of your legend.
