Birding for Kids: A Guide to Finding, Identifying, and Photographing Birds in Your Area

Damon Calderwood🇨🇦, Donald E Waite🇨🇦

Description

An interactive full-colour field guide that teaches kids the fun, safe, and educational way to observe birds in their natural habitat. Join expert bird photographers Damon Calderwood, Donald E. Waite, and their young friends as they highlight all the basics on birding. Birding for Kids is filled with full-colour photos, fascinating facts, and fun projects that allow children to get up close and personal with nature while respecting the habitats of birds in the wild. The book includes guidelines on how to look for or attract birds in backyards, city parks, and rural areas; how to take pictures of birds or record information about them in a log book; how to help endangered or at-risk species; what to do if you find a hurt bird or abandoned nest; and much more. This informative guide also includes a list common and scientific species names, a glossary of birding terms, and all the basic equipment you need to become an avid or casual birder.

Author

Damon Calderwood is an actor, teacher, and wildlife photographer based in Port Coquitlam, British Columbia. To learn more about Damon, visit globalbirdphotos.com.

Donald Waite is a former RCMP officer, an established historian, and an accomplished bird photographer with over four decades' experience. Waite opened a portrait studio in Maple Ridge, BC, in 1971 and sustained his passion for photography after retirement. He is the author of numerous books on birding and BC regional history.

Explore the Wild Coast with Sam and Crystal

Gloria Snively 🍁, Karen Gillmore 🍁

Description

A beautifully illustrated story that teaches children about marine biology and the coastal environment of BC and the Pacific Northwest. Join eleven-year-old Crystal and her seven-year-old brother, Sam, as they travel by seine boat along the rugged Pacific coastline to visit their aunt Kate, a marine biologist, and uncle Charlie, a retired fisherman, at their home in a sheltered inlet called Eagle Cove. As Aunt Kate takes the children for walks along the beach and teaches them about marine life, tidal zones, and habitats, they meet a dazzling range of sea creatures and learn the importance of observing, respecting, and preserving nature. Colourful, engaging, and educational, *Explore the Wild Coast with Sam and Crystal* is both a delightful story and an indispensable learning tool for children ages eight to eleven.

Author

Gloria Snively is a professor emeritus of science, environmental, and marine education in the Faculty of Education, University of Victoria, and a former classroom teacher of primary and junior secondary grades. She is a founding member of the Northwest Association of Marine Educators and the author of the classic bestselling field guide *Exploring the Seashore in British Columbia, Washington, and Oregon*, now in its eleventh printing. Her passions include curriculum development; First Nations education; giving natural history workshops to teachers, park interpreters, and community groups; and exploring the stunning seashores of the west coast. She lives in Sooke, BC.

Karen Gillmore has been an artist since she could hold crayons. In addition to being a children's book illustrator, she also draws and writes comics and illustrates graphic novels. She lives in Victoria, BC. karengillmoreart.com.

The Little Hummingbird

Michael Nicoll Yahgulanaas, Wangari Maathai

Description

A new edition of the beautifully illustrated, bestselling book, revised for younger readers. This inspiring children's book—a revised edition of the award-winning *Flight of the Hummingbird*—is based on a South American indigenous story about a courageous hummingbird who defies fear and expectations in her attempt to save the forest from fire. The illustrated story is supplemented by a natural and cultural history of hummingbirds, as well as an inspiring message from Nobel Peace Prize winner Wangari Maathai. The evocative artwork by internationally renowned Haida artist Michael Nicoll Yahgulanaas complements the optimistic tale that encourages everyone to take responsibility for their home and the planet.

Reviews

The Little Hummingbird is the embodiment of this relatively new style of Haida comics, which combines elements of traditional North Pacific arts and narrative, in this case that of the Haida, and the design of Japanese manga. —*Globe & Mail*

Salmon Forest

Suzuki & Ellis, Sarah Ellis 🍁, Sheena Lott 🍁

Description

New in paper, David Suzuki and Sarah Ellis's charming and informative text, accompanied by Sheena Lott's exquisite watercolours, magically evoke the spirit and mystery of the West Coast rain forest. Together, text and illustrations illuminate the interconnectedness of the forest and the sea and of all life. *Salmon Forest* is recommended by Curriculum Services Canada and is published in partnership with the David Suzuki Foundation.

Author

David Suzuki is an internationally renowned geneticist and environmentalist and a recipient of UNESCO's Kalinga Prize for the Popularization of Science and the 2009 Right Livelihood Award. Host of the longrunning CBC television program *The Nature of Things*, he is also the author of more than fifty books.

Sarah Ellis is a sought-after speaker at conferences and workshops throughout North America and Europe. She has taught children's literature at colleges and universities in Canada, the United States, Europe and Japan, and she has been a core lecturer and seminar leader at the Children's Literature New England conferences since 1993.

Sheena Lott is an award-winning artist whose vibrant watercolours have graced numerous children's books, including *Jessie's Island* and *Midnight in the Mountains*. She lives in Victoria, British Columbia.

Sockeye Salmon Odyssey: An Illustrated Natural History

Brenda Guiled 

Description

This children's book tells the story of sockeye salmon of British Columbia through their lifecycle and travels—truly an odyssey, or “long series of wanderings and adventures, especially when filled with notable experiences and hardships”. It's for parents, grandparents, teachers, etc. to read with kids age 6–12. It's multi-disciplinary, covering science, arts, vocabulary, numbers, graphs, map-reading, and more.

It's for active reading, with questions to ask, answers to fill in, and pages to colour and add detail. It's jam-packed, to save paper and trees, using FSC 100% post-consumer recycled paper. Senior salmon experts, David Levy and Don Lawseth, vetted this book and gave enthusiastic thumbs-up. Don even said that he learned some things!

Author

Brenda Guiled (like “wild”) is a long-time fish/shellfish illustrator. She studied Zoology, especially enjoying her 4th-year Fish Biology course. She has an MSc in Education, has written prize-winning curriculum materials, fiction and nonfiction for children and adults, does graphic arts, and teaches traditional karate and the dance inside it.
